Martinsville- Don Frye, a director at South Central Indiana REMC, recently completed all requirements to earn a BOARD LEADERSHIP CERTIFICATE (BLC) designation from the National Rural Electric Cooperative Association. NRECA's Board Leadership Certificate recognizes individuals who continue their professional development after attaining the CREDENTIALLED COOPERATIVE DIRECTOR (CCD) designation. Directors must complete 10 credits in advanced, issues-oriented courses to receive the certificate. Today's electric utility environment imposes new demands on electric cooperative directors, particularly increased knowledge of changes in the electric utility business, new governance skills and a working knowledge of the cooperative principles. South Central Indiana REMC is committed to sharpening its director's body of knowledge through these and other programs for the benefit of member-owners.

Don Frye has been on the board of directors at the co-op for 21 years and

resides in Bloomington, IN. This year, 35 electric cooperative directors from around Indiana earned either their CCD or BLC designation during the NRECA Region I-IV meeting in Pittsburgh, Pa., Sept. 4-7.

South Central Indiana REMC is the largest distribution cooperative in the state of Indiana serving more than 27,000 members in a seven county area including: Morgan, Monroe, Brown, Owen, and parts of Putnam, Clay and Johnson counties. For more information on the member-owned cooperative, visit [www.sciremc.coop](http://www.sciremc.coop).

NRECA represents the nation's more than 900 member-owned electric cooperatives. Visit [www.nreca.coop](http://www.nreca.coop) to learn more.
