

## **Free Events Calendar Available on Website**

South Central Indiana REMC welcomes event announcements! When SCI REMC updated our website recently, we included a community calendar feature. This calendar is free to use to publicize your events. "This is a great way to broadcast special sales you may be having, programs, events, meeting dates and times, and general notice of your business or organization," stated Jean van Biezen, VP of Cooperative Relations. "It's just another way of giving back to the community. We have more than 33,000 members and our website is updated and accessed frequently. If we can promote your business or organization to others we have served you well."

To post your upcoming events on this website, simply click on "[community calendar](#)". Click on the Post button and enter the details. Posting of events does not presume endorsement of any group or event by SCI REMC and your posting is reviewed by REMC personnel prior to being launched on the site.

Additionally, SCI REMC makes our electronic sign at our Martinsville facility available to announce upcoming events for non-profit organizations. Certain restrictions do apply. Please email [jeanvb@sciremc.com](mailto:jeanvb@sciremc.com) for any announcements you may want to make. Announcements should be received at least two weeks in advance of the event so that they can be scheduled in a timely fashion.

"We are continually adding new features to our website that are of interest to the entire community, in addition to our membership," stated van Biezen. "Visit our site frequently as we will be adding a classified ad section and recipes in the near future."
