

# **John D. Rudd Memorial Scholarship**

This scholarship program, established in May, 2005, was recently renamed for a former SCI REMC Operation RoundUp trustee who had special interest in the arts, athletics, parks and recreation and a particular focus on our youth. The intent of the scholarship program is to encourage graduating senior students to further their education. This program, funded entirely by the voluntary contributions of the members of SCI REMC, will provide up to five (5) \$1,000 scholarships each year. The program is open to all SCI REMC residents of Brown, Clay, Johnson, Monroe, Morgan, Owen and Putnam counties who meet the criteria established by the Operation RoundUp trustees. Selection of recipients is based on academics, school activities, community activities, and work experience. An application form is available on the website under YourCommunity – Youth Programs. Deadline is February 29, 2008.
