

# Appliance Recycling Program FAQs

**Q: Why should I participate in the Appliance Recycling program?**

**A:** Recycling your old appliance can save you up to \$150 annually in energy costs. You can recycle today and schedule a pick-up of your old appliance. Contact our office for a pick-up!

**Q: How do you qualify to participate in the Appliance Recycling Program?**

**A:** Your appliances must be in working condition, and be between 10 and 30 cubic feet in size, using inside measurements. Customers must own the unit(s) being recycled and limit is two units per residential address.

**Q: What appliances are accepted for the Appliance Recycling Program?**

**A:** Refrigerators, and freezers

**Q: How much money can be saved by recycling old appliances?**

**A:** Recycling your old appliance can save you up to \$150 annually in energy costs.

**Q: How much will I receive for recycling an old appliance?**

**A:** A check for \$50 for each appliance will be mailed to the SCI REMC member.

**Q: How long does it take to receive my money?**

**A:** The member will receive a check within 4-6 weeks after the appliance collection.

**Q: What is Habitat for Humanity ReStore?**

**A:** The Monroe County Habitat ReStore is a discount home improvement store that sells new and like-new furniture, appliances, building materials and more. ReStore's inventory comes from donations of goods from amazing people like you! The proceeds from our sales fund new homes for families in need, right here in Monroe County.
